

## TRANSPARENCY CODE FOR SMALLER AUTHORITIES

The Regulations (SI 494), made 'the Code', issued in December 2014, mandatory for local councils and other smaller authorities, with a turnover not exceeding £25,000.

The Government introduced the Code for two main reasons;

(1) under the new audit framework, effective from 1 April 2017, smaller councils will be exempt from external audit and in its place, these authorities will be subject to the Transparency Code to enable local electors and ratepayers to access relevant information about their accounts and governance;

(2) to meet its desire to place more power into citizens' hands to increase democratic accountability.

The summary of the accounts will be in the format of the Annual Return. Comparison to the previous year to date will be recorded and an explanation of larger variances explained. This will be published on the website.

The Council is required to publish expenditure over £100.

Under the terms of the Transparency Code salaries do not need to be declared.

Expenditure is noted below and in the minutes that are available on the website.

Financial updates are received at each Council meeting.

Expenditure for Financial Year April 2021 – March 2022

Expenditure	Date	Amount	Cheque Number
